

911-every home needs its own
Poison-Every rose needs a thorn
Smoke Alarms

G C

G C
You lie sound asleep in the dead of the night
G C
Somewhere in your home a fire starts to light
G C G C
Is it a toaster or the stove, maybe something not turned off right
D C
But your smoke alarm woke you and you got straight outside
C
And that's why we say

G C G
every home needs its own
G C
In case the smell of smoke is growing strong
G D C G
It'll play the same ole beeping song
G C
every home needs its own

G C

G C
Hanging at your buddy's house to play some Xbox live
G C
Mac and cheese is cooking but now your in a firefight
G C
That beeping sounds funny
G C
It just doesn't feel all right
D
You know it sounds familiar
C
Cause you heard it the other night

i guess

G C G
every home needs its own
G C
In case the smell of smoke is growing strong

It'll play the same ole beeping song
every home needs its own

G C
We all know what we are talking about here, smoke alarms
G C
And I know you've heard us say test them once a month and change
the batteries once a year
G C
But you may not know that smoke alarms need changed out every 10
years
G C
They lose their effectiveness and might false alarm
D
Or worse, not sound at all
C
I know you know the words so sing it with us

G C G
every home needs its own

G C
In case the smell of smoke is growing strong

G D C G
It'll play the same ole beeping song

G C
every home needs its own
