

Fireman Mask

sung to *Monster Mash*

Booster: I was lying in my bed late one night
When my eyes beheld an eerie sight
The fireman on my floor began to rise
And suddenly to my surprise

All: He wore a mask, a fireman mask
He wore a mask, it was made of glass
He wore a mask, no more bad gas
He wore a mask, a fireman mask

Flash: From the living room in the front near the street
To the Kitchen in the back where we eat
The smoke blocked his sight with an orange glare
The fireman crawled low breathing his air

All: He wore a mask, a fireman mask
He wore a mask, it was made of glass
He wore a mask, no more bad gas
He wore a mask, a fireman mask

CJ: The fireman has bunker gear, to keep him from fear
You and I don't have any, so you better listen here

Late at night if your detector does sound
Know it is smoke it must have found
Roll out of bed keep your nose to the floor
Look for a fireman on the way to the door

All: He wore a mask, a fireman mask
He wore a mask, it was made of glass
He wore a mask, no more bad gas
He wore a mask, a fireman mask

Laura: Out of the house go to a meeting place
Wait for your family count every face
Don't go back inside you must wait for them

Hey! There's a fireman he can go in

All: He wore a mask, a fireman mask
He wore a mask, it was made of glass
He wore a mask, no more bad gas
He wore a mask, a fireman mask
