

Safe Pedestrian

King of the Road

CJ: I need to put on my bright vest here. Here we go.

1,2 1,2,3,4

I use my eyes, my ears and my feet

When I walk across the street

I look left, right, and left again

If a car comes by I'm going do it again

I wear bright colors so people can see

I walk slow and safely

I'm a safe pedestrian

King of the road

Booster: I have pads on both my knees

And my elbows if you please

I gotta helmet hard as can be

Protects my head now can't ya see

I keep both hands on my handlebars

I stay to the right and I look for cars

I'm a safe bi cycle rider

King of the road
